CATTLE USA.com LIVE CATTLE AUCTIONS

See pages 2-3 for details!

Fellow Cattleman, Welcome to RedFest!

COVID-19 is at the forefront of society today and for the foreseeable future, making this a very unusual year. The RedFest Group has decided to proceed with our Red Angus sale as scheduled, Sunday April 5th 2020. We realize that some customers may chose not to attend the sale in person, and so our goal is to provide you with various options to participate in the sale. We have added DV Auction as a bidding option, along with Cattle USA. Videos will be loaded on DV Auction, and on the RedFestRedAngus.com web-page. The cattle are available for viewing in person from now until Saturday April 4th, when they will be moved to the Bloomington Livestock Exchange. They can be viewed there April 4th, and 5th. Please call to schedule a viewing.

It is very important to pre-register for the sale by April 2nd. Phone bids will be taken the day of the sale with any of the animal owners or by calling the sale barn at 608-994-2020. You may also leave a bid with the sale barn or any of the RedFest members.

We feel we have an excellent group of cattle this year, as good or better than last year. We appreciate your interest in our cattle, and hope you will choose our genetics to move your herd forward. Thank You!

Auctioneer: Cody Lowderman: 309-833-55443

Schedule

Cattle available for viewing. Please contact owner for an appointment.

Saturday April 4th

1 - 5 p.m.View Cattle

Sunday April 5th

8 a.m. - NoonView Cattle

Noon.....Lunch served

1 p.m.RedFest Sale Begins

FERTILITY/DISPOSITION GUARANTEE: We guarantee the fertility and disposition of every bull selling. All bulls sell with a breeding soundness exam (BSE) certificate. Each Bull is guaranteed to be a satisfactory breeder; assuming the buyer provides acceptable nutrition, health and management.

- If a bull proves to be a non-breeder, the buyer must contact Joe Jewison, Tony Kluesner, Jack Jewison, or Dan Buckhaus on or before Oct. 31, 2019, to make a claim.
- RedFest reserves the right to request a statement from a veterinarian and/or the bull being returned to RedFest at the buyer's expense.
- If proper claim is made, the buyer will be given full credit if the bull is returned, OR full credit minus salvage value if the bull was sold with the credit to be used in a future RedFest sale.

RedFest retains a 1/2 semen interest in all bulls selling.

We are selling 100% possession and 100% salvage or resale value. This gives RedFest the option to collect, use and market semen from the bull and does not restrict the buyer from doing the same.

HOUSING BULLS: Housing and Feeding up to July 1st for a Bull purchased at RedFest has been arranged at a \$3.50 per day charge. Buyers taking advantage of this offer will be required to purchase 6 months of Mortality Insurance. RedFest will pay ½ of the cost of the insurance policy (up to 2% of the price of the bull).

Absentee Bidding

**Please Register with Cattle USA or
Bloomington Livestock Exchange
by Thursday April 2, 2020.**

1. Go to www.CattleUSA.com
2. First time users must register as a viewer
3. In the 'Live Auctions' tab, select the sale that you wish to register as a buyer (only if you wish to buy) and click the 'Submit' button.
4. Fill out the required contact and banking information then click the 'Proceed' button.
5. After you have been approved as a buyer you will receive a confirmation email. On sale day, log in and click the green 'View' button for our sale. You will have the bid console available to place your online bids. Click on 'Bid Now' to place a bid.
6. The bid received by the auctioneer will be the amount showing in the 'Price' box in the bid console.

High speed internet required for viewing & bidding.
— Questions call 307-684-0789 —

Bull Mortality Insurance

**American Livestock
Insurance Representative:
Jim Gies
970-590-0500**

RedFest bull breeders are offering to pay for half of a
6-Month Term Mortality Insurance Policy.

This policy covers death as a result of all natural causes
including accident, sickness or disease, or euthanasia if
recommended by your veterinarian.

This policy **does not** cover Fertility Insurance.

The premium is 4% of the purchase price of the bull.

The minimum policy premium is \$100.

E.g. a \$2,000 bull x 4% = \$80, but \$100 is the minimum
premium, so Buyer pays \$50 and seller pays \$50.

E.g. a \$3000 bull x 4% = \$120 premium,
Buyer pays \$60 and Seller pays \$60.

E.g. a \$4,000 bull x 4% = \$160 premium,
Buyer pays \$80 and Seller pays \$80.

Online Bidding

WATCH AND BID ONLINE AT DVAUCTION.COM

Can't make the sale?

We are pleased to bring you real-time Internet bidding and a live broadcast of this sale through DV Auction. To watch or bid online, simply complete the following steps:

- Visit the DVAuction web site at www.dvauction.com
- Click on the "Register" tab
- Enter a user name, password and your contact information.
- Click on "Apply for Bidding."
- Select the sale from the list of other auctions and click "Apply".
- Complete the process by filling out the Banking & Lending information requested.

Be sure to include a personal contact at your bank, we will contact them in order to get a credit reference.

If you would prefer to be approved using your credit card, call (402) 474-5557.

Please be sure to apply for bidding at least a day in advance of the sale every effort will be made to process your application in a timely manner.

DVAuction will contact you once you have been approved to bid. We do not provide buyer numbers until you have purchased a lot in the sale, and that number is only usable for that auction. After the sale contact the sale owner or manager to make arrangements for payment and delivery of your online purchases.

Please Note: High speed Internet access (DSL, T-1, or Broadband) is required to be able to bid successfully during the sale. If you have any questions, please contact DVAuction at (402) 474-5557 or email support@dvauction.com.

Proxy Bidding: If you can't access a computer during the sale, you can now place a "proxy bid" through DVAuction. Simply follow the instructions listed above, and as the sale date nears there will be a "Proxy Bidding" link under the sale listing on the main page of DVAuction. You can then place the maximum amount that you'd like to bid, and our system will represent your bid just as if you were there.

Lets face it – everybody has mistakes. This bull was a pure accident. We had a cow confirmed bred that aborted. A yearling bull got to her and rebred her. I hate that. Normally I would have sold the cow, but Brenda wouldn't let me. The result is an eye appealing, age advantaged bull that is long, deep and will cover more cows than a yearling.

This is our only ProfitBuilder B403 bull this year (we got tons of heifer calves instead)! This bull pulls it all together: growth, carcass, calving ease, and structurally correct. His maternal grandsire made the best females we have ever had...PERFECT teats and udder, feet and legs, and always raise a good calf.

— Commercial Females —

Lots 301-325

Commercial Cow/Calf Pairs

Consigned by Dean Hovden, Decorah IA • 563-379-2815

Dean has brought another outstanding group of Red Angus cattle to the sale. The calving is done with these gals! Buy these cow-calf pairs, put them in your pasture, and watch them grow!

Lots 350-360

Commercial Red Angus Bred Cows

Consigned by Dean Hovden, Decorah IA • 563-379-2815

Dean's whole herd is quiet, good footed, good udders and nice to look at. You will be happy with any of Dean's cattle in your herd.

— Commercial Females —

Lots 701-750

Commercial Red Angus Open Heifers

Consigned by Dean Hovden, Decorah IA • 563-379-2815

These Red Angus open heifers are deep bodied, long, and good-footed. You will be happy to add them to your herd as they will make great momma cows!

Lots 751 - 795

Commercial Red Angus Open Heifers

Consigned by Mark and Kenny Kieler, Darlington WI
608-482-3565

Mark and Kenny Kieler have been producing sale topping heifers for a number of years. These heifers will contribute to your profitability "Good cattle make you money, Poor cattle lose you money." Try a group of these and see why more and more ranchers and farmers prefer and enjoy their Red Angus cows.

— Commercial Females —

Lots 801 - 845

Commercial Red Angus Open Heifers

Consigned by Joe Jewison, Platteville WI • 608-778-6736

These girls came from three local herds that have used registered Red Angus bulls for many years. This is an excellent group of heifers. They have been examined by a veterinarian and are all expected to be breedable heifers. These heifers will make someone excellent cows for many years to come.

Lots 850 - 860

Commercial “Black-Red” Red Angus Open Heifers

Consigned by Dean Hovden, Decorah IA • 563-379-2815

“Black-Red” Red Angus. These heifers are certified 50% or more Red Angus. They are sired by Red Angus bulls. Breed them to black bulls and you will get 100% black calves, or breed them to red bulls and you will get 50% red and 50% black calves.

— Terms and Conditions —

TERMS: Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. We reserve the right to require a certified check as settlement before releasing any cattle.

PURCHASER'S RISK: All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

HEALTH: All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold.

LIABILITIES: All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the sale manager from pedigrees and information supplied by sources deemed reliable, however, the sale manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

TRUCKING: Trucking can be arranged to coordinate loads for the least possible cost. If you know you'll need trucking, please contact Joe Jewison prior to the sale so arrangements can be made.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

RED ANGUS GUIDE TO EPDS

HERDBUILDER (HB) The probability of developing profitable cowherd traits while maximizing the value of marketed progeny

GRIDMASTER (GM) The probability to increase the value of marketed calves

CALVING EASE DIRECT (CED) The probability of calves being born unassisted out of 2-year-old dams

BIRTH WEIGHT (BW) Difference in weight for progeny at birth

WEANING WEIGHT (WW) Difference in weight for progeny at 205 days of age

YEARLING WEIGHT (YW) Difference in weight for progeny at 365 days of age

AVERAGE DAILY GAIN (ADG) Difference in daily gain between 205 and 365 days of age

DRY MATTER INTAKE (DMI) Difference in feed intake for animals during the post-weaning growth period

MILK Difference in weight of a daughter's calved due to the maternal environment provided by the dam

MAINTENANCE ENERGY (ME) Difference in maintenance requirements for mature females

HEIFER PREGNANCY (HPG) Probability of a female conceiving and calving at 2 years of age

CALVING EASE MATERNAL (CEM) The ability for daughters to calve unassisted at 2 years of age

STAYABILITY (STAY) The probability of a female remaining productive in a herd until 6 years of age

MARBLING (MARB) Difference in carcass marbling scores

YIELD GRADE (YG) Difference in USDA yield grade scores

CARCASS WEIGHT (CW) Difference in hot carcass weight

RIB EYE AREA (REA) Difference in carcass rib eye area between the 12th and 13th rib

BACK FAT (BF) Difference in carcass fat depth between the 12th and 13th rib

Ranch Tested. Rancher Trusted.

Buy Local! Buy Better!

We have all heard people make the statement “I bought my bull from out west” inferring that it is automatically a better bull because of its origin. That statement may have been true 20 years ago but definitely not today. Today the Midwest breeders have equal to, or superior cattle for this region in all of the major breeds. Breeders across America have access to the same breed genetics through AI. Today there is a large quantity of quality AI bulls available throughout the industry.

In America our regions vary greatly, thus the traits we breed into our cattle must match the area we live in. In the southern states heat and insects are major issues. They must choose cattle that lose their winter hair rapidly to prevent a breed-back disaster. You will often see Brahma bred into their cattle to help with the insect problems. In high altitudes, selection must be based on a good PAP score (an indicator of an animal’s susceptibility to brisket disease, a common cause of death in high altitude cattle). In the sandhills of Nebraska cattle must survive on sparse vegetation. Cattle in this region are smaller and milk less (if they milk too much in these conditions they do not breed back). There are many more examples of region-specific traits. Our grass is 90% water vs. the western dry county, we need cattle that can convert the wet grass into milk and heavy calves. Our cows need good feet, they must deal with rocks and mud (not just in the spring as many pastures have wet areas). The dry western areas are much more forgiving as the cattle’s feet wear quickly. We need cows that can wean 600# calves, many regions have limiting factors only allowing them to own cows that wean 400# calves.

In the Midwest we can breed “easy to work”, quiet cattle. Other areas must breed cattle that can survive in the “wild”. “Western Wild” may be needed in some parts of the county, but not here.

REASONS TO BUY YOUR BREEDING STOCK LOCALLY

- A reputable quality breeder in the Midwest is breeding the cattle that will thrive in your pastures.
- It is easier to view local cattle, visit the farm, see the dams, and find “your type” of cattle versus getting a surprise from an internet purchase.
- If issues arise with your cattle purchased locally, the problem can be resolved easier and quicker, thus reducing the negative effect on your cattle operation.
- High quality bulls can be purchased locally for a fraction of the cost of the same bull sold in the western markets.
- Bulls purchased locally will have less adjusting to do. They will have little if any shipping stress and little if any stress from environmental changes.

P.S. This is also very true for female cattle.

Buy Local, Buy Better.

THRIVE

**Position your ranch to
thrive with the industry's
most-favored female.**

An independent university study compared eight years of Superior Livestock Auction data, revealing Red Angus-sired heifers commanded up to \$11/cwt more than females of all other breed types.

Ranch Tested. Rancher Trusted.
